

Part time courses at Franklin College

“It doesn’t matter what background you are coming from,

with Franklin College you can achieve a lot!”

Chloe Parsons, 33, is one of those ambitious adults who decided to return to education and build a career for themselves. Chloe came a long way since she left secondary school where she used to struggle with her subjects. She decided she wanted to make a real difference in life. Her dream is to become a primary school teacher so that she can be there for all children (including her own too) and help them whenever they get stuck on anything. She wants to be that inspirational teacher she never had before she came to Franklin.

Chloe first joined Franklin College in 2012 when she studied her Level 1 and Level 2 English courses at the Grimsby Children’s Centre. Then she decided to brush up on her Maths too, so she joined our Entry level Maths course. What made a significant difference to her studies is that her Maths teacher, Hayley Lister, at Franklin spotted the signs of dyslexia on her. Once tests confirmed her learning difficulty, she received adequate help and support accordingly. Since then Chloe has successfully completed her GCSE Maths and she is just about to enrol onto our GCSE English course from September.

Chloe said “Franklin’s adult learning courses provide a very pleasant and welcoming atmosphere to all adults. It is good to be surrounded by other adults who are all there because they want to achieve their goals, just like you.”

Chloe said “It doesn’t matter what background you are coming from, with Franklin College you can achieve a lot!” “It’s not easy, but it’s well worth it”.

If you are interested in studying with Franklin College as a part time student, please contact our Adult Learning Team on **01472 875 011** or send an email to **alt@franklin.ac.uk**. For further information visit our website at **www.franklin.ac.uk**.
