## **Have YOUR say on how the new Market Place & Pier Gardens should be used!**

North East Lincolnshire Council has selected Gillespies to lead the regeneration of Market Place, as part of the Cleethorpes' Levelling Up Fund projects. The designs will breathe new life into the historic square, connecting the town centre and seafront and creating meaningful spaces for social interaction, events and outdoor dining.

They desperately need younger people like **YOU** to share your creative ideas and let them know what you'd like to see in the space.

If you are a student who may want to become a Landscape Architect, they would be happy to explore how you can get involved in the project too!

Click [here](#) to complete the survey - closing date is Friday 15<sup>th</sup> March.

## **Work Experience**

If you are looking for work experience, you can view our existing opportunities [here](#).

If you are interested in any of the opportunities, please email [nicola.lloyd-jones@franklin.ac.uk](mailto:nicola.lloyd-jones@franklin.ac.uk) for further information on how to apply.

## **Career Academy**

We have now come to the end of the weekly sessions for Career Academy. To those who have been told they are unsuccessful in gaining a mentor or have let Rebecca know they do not wish to be mentored, please choose another enrichment.

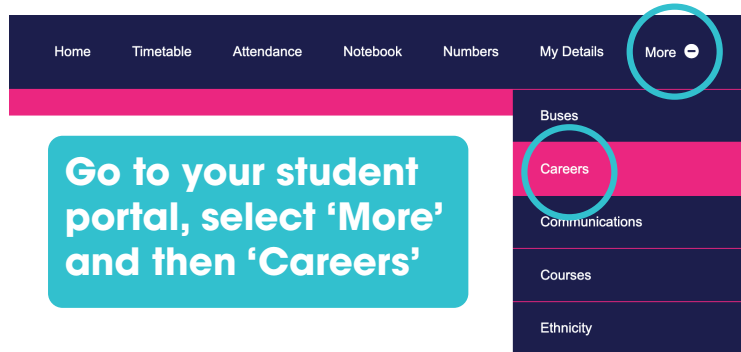

Please check your Google Classroom for details on meeting your Career Academy teacher. Finally, if you do not have a skills log, please collect one from the CfPD office.

## **Personal and Professional Development**

If you have questions regarding enrichment, whether you have an idea for a new session or you want to change your choice, please email [enrichment@franklin.ac.uk](mailto:enrichment@franklin.ac.uk).

The Enrichment team are now based in Room 51 (opposite the theatre) – please feel free to pop in if you have any questions!

## **Apprentice Aircraft Engineer Apprenticeship with easyJet**

With over 300 aircraft in their fleet and 90 million passengers a year, the easyJet engineering team is essential to keep everything running smoothly, so they're always on the lookout for new talent to join them. Every year, they recruit apprentices to become Licensed (Cat A) Aeronautical Engineers – and you could be just what they're looking for. In two years, you'll gain the skills you need to be a licensed mechanic. You'll learn and earn, so by the end you're ready to be a full-time member of the team.

This is a fully funded programme that begins with specialist training, and then switches to practical experience. You'll learn how to diagnose and solve a wide range of technical problems with the guidance and support of experienced colleagues (many who started as apprentices themselves). You'll soon be up to speed on the latest tools and technologies – so you're equipped with the practical skills you need to maintain their modern fleet.
