1. Purpose

The purpose of this policy is to outline the approach by Franklin Sixth Form College (the College) to manage Health and Safety. The College has based the Health and Safety Management system in accordance with the latest guidance available from regulating bodies including the Health and Safety Executive (HSE). In accordance with current guidance, the policy contains an overall statement of policy, an organisation section detailing the roles and responsibilities of individuals and groups in relation to health and safety and details in the arrangements section how health and safety is managed.

2. Scope

This Policy applies to all College premises and all those who work in and visit them. This includes direct employees, students, agency employees, volunteers, Directors, Community Governors, any visitors, contractors, and third-party service providers.

3. Policy Statement

It is the policy of Franklin Sixth Form College to ensure, so far as is reasonably practicable, the health and safety of all persons as identified in paragraph 2 above who may work on, visit, or use the College premises, or who may be affected by its activities, products used, or services. In order to achieve this aim, it is College policy to provide the appropriate resources to achieve a healthy and safe working environment, provision of safe equipment, the use of safe systems of work and provision of adequate information, training and supervision. The College will remain up to date with regard to its legal responsibilities and requirements through various media including legislation updates from our Premises Manager and through membership of a variety of networks.

Franklin Sixth Form College considers the management of health and safety, including fire safety issues as an essential part of governance arrangements. This includes a commitment to prevention of injury and ill health and to continual improvement in Occupational Health and Safety (OH&S) management and OH&S performance. It also includes a commitment to comply with applicable legal requirements and with other requirements to which the organisation subscribes.

Where the College engages external contractors to undertake or manage work on its premises, it is the policy to work with competent contractors who have an effective and established health and safety management system and who will undertake their work either in accordance with College Contractor Rules and Permit to Work systems or with an agreed alternative, which provides an equivalent standard. Before engaging such contractors, Franklin College will therefore make reasonable enquiries to check that the contractor is competent to undertake the work safely and without risks to health. The College will keep the performance of external contractors under review in order to ensure satisfactory standards of health and safety are maintained.

Where temporary, contract or volunteer staff are working on College premises, the College will provide the same health and safety standards for them as it does for our own employees.

Where the College intends to acquire new premises or develop new activities, it will undertake a health and safety review of the prospective developments as part of our normal due diligence process.

3.1 Statement of Intent

Franklin Sixth Form College will ensure that all service areas of the College have access to appropriate health and safety, and fire safety, advice and support. We will appoint and train Health and Safety representatives from curriculum and cross-College areas to advise managers, help implement policy and monitor compliance. We will support these staff with specialist health and safety advice and guidance from a relevant combination of internal and external resources, including via organised in-house formal training sessions.

The College will consult with employees on health and safety matters with a view to actively involving employees in the effective implementation of this Policy. Such consultation will be undertaken through prevailing arrangements in place at Franklin Sixth Form College, with employees directly, as appropriate to the location and employee group concerned.

Franklin Sixth Form College will set and review Health and Safety objectives annually, in order to monitor performance and strive towards continuous improvement. The objectives will be set by the Welfare, Health and Safety Committee in the first instance, before being approved by the College Leadership Team (see paragraph 4) and ratified by the Board of Directors..

This policy, and the health and safety performance of the College will be reviewed by the Local Advisory Board (Audit) every 3 years, and at any other time when there are significant changes in our operations or management.

The following sections describe the organisation and responsibilities of the Corporation, Principal & CEO, Senior Managers and staff within the College for implementing the above policy and gives details of the general health and safety arrangements and standards to which we operate.

4. Roles & Responsibilities

4.1 Overall Responsibility

Franklin Sixth Form College's Corporation has overall responsibility for health and safety matters within the College and specifically for:

- Providing a general Statement on Health and Safety Policy and for agreeing the arrangements for the implementation and monitoring of the effectiveness of the policy
- Reviewing the policy on the advice of the College Principal & CEO every 3 years
- Reviewing the health and safety performance of the College annually by considering reports submitted to Local Advisory Board (Resources) and the Board of Directors
- Ensuring there are adequate resources allocated for effective management of Health and Safety and the implementation of this policy
- Ensuring that the Board of Directors' decisions are consistent with the objectives of the Health and Safety Policy.

4.2 Executive Responsibility

The College Principal & CEO has overall executive accountability for health and safety matters within the College.

4.3 The College Leadership Team

The College Leadership Team, including the Principal & CEO, has overall responsibility for ensuring that effective systems are in place for managing and monitoring the standards for health and safety within the College.

The College Leadership Team will ensure that health and safety is kept under review and that all relevant decisions are consistent with College policy of developing and maintaining high standards of health and safety. The College Leadership Team will formally review health and safety arrangements within Franklin Sixth Form College at least annually and provide a report to the Local Advisory Board (Resources) with onward referral to the Board of Directors on issues arising and action proposed or taken.

4.4 The Welfare, Health and Safety Committee

The Welfare, Health and Safety Committee meets throughout the year to review health, safety, occupational health, and environment and property safety issues.

The core membership of the Welfare, Health and Safety Committee is supplemented by College Health and Safety representatives from operational departments or their representatives. Other Managers and staff may attend the Group periodically. The members of the Welfare, Health and Safety Committee are required to attend except in exceptional circumstances, in which case the Chair must be informed in advance and an alternative attendee must be agreed.

The Welfare, Health and Safety Committee may call upon other specialist staff, or experts, as necessary to the areas being discussed.

The function of the Welfare, Health and Safety Committee is to:

- Identify health and safety issues which require a generic approach throughout the College, in relation to health and safety, fire safety, security and environmental protection, and to develop and implement policies and strategies for their implementation, for approval and ratification

- Monitor safety standards achieved throughout the College and report on any key areas of concern and recommended actions to the College Leadership Team/ Local Advisory Board (Resources).
- Inform the College Leadership Team and Local Advisory Board (Resources) of changes, legal requirements and good practice, and recommend and implement, where relevant, an appropriate course of action
- Provide specialist advice relating to matters within the remit of the Welfare, Health and Safety Committee
- Identify and review via the Premises Manager, the Principal & CEO as appropriate the health and safety implications of any proposed changes in relation to business activity undertaken, major changes in organisational structure, outsourcing or in-sourcing projects or business acquisitions or divestments
- Receive reports identifying necessary actions to ensure adequate standards are maintained while keeping the College Leadership Team/ Local Advisory Board (Resources) informed
- Review health and safety incident statistics and trends, reporting relevant and appropriate information to the College Leadership Team/Local Advisory Board (Resources). Monitor and, through the College Premises Manager, co-ordinate any contact and involvement with health and safety, fire safety and environmental enforcing authorities
- Provide specialist advice to the College Leadership Team relating to matters within the remit of the Welfare, Health and Safety Committee
- Advise the Local Advisory Board (Resources) on the content of proposed Health and Safety policies and procedures
- Review reports on health and safety audits undertaken across the College and advise on any appropriate actions needed.

4.5 The College Principal & CEO

The Franklin Sixth Form College Principal & CEO has overall executive accountability for health and safety matters within the College.

The Principal & CEO is responsible for the effective oversight of the governance process and in particular for:

- Monitoring that College Health and Safety policies and procedures meet governance objectives
- The financial planning process, via the Principal & CEO, takes adequate account of the need to resource health and safety requirements in accordance with this Health and Safety Policy
- The financial control procedures, via the Director of Finance, ensures that tenders for contract works include contractor competency assessments and are rejected where it is apparent that the contractors concerned are not competent, or adequately resourced, to undertake the proposed works safely
- Insurance arrangements, via the Director of Finance meet the requirements of the Employers' Liability (Compulsory Insurance) Regulations
- Liaising with operating managers to monitor implementation of policies and procedures and identify areas for improvement
- Assisting the Premises Manager in producing reports on governance matters where these relate to health and safety.
- Ensuring, with the assistance of the College's Premises Manager, as necessary, that the Local Advisory Board (Resources) and subsequently the Board of Directors are advised on significant health and safety issues, and receive and consider a quarterly update and annual report on health and safety matters

- Ensuring, in consultation with relevant members of the College Leadership Team, that there are adequate arrangements for identifying, prior to the acquisition of any new business premises or facility, any serious health and safety deficiencies and for ensuring prompt corrective action is implemented.

4.6 The Premises Manager

The Premises/Health and Safety Manager is responsible for assisting and advising Franklin Sixth Form College on all aspects of health, safety and fire safety management. In particular, the Premises Manager is responsible for:

- Providing advice and support on all aspects of health and safety management and in particular supporting the Principal & CEO in fulfilling the responsibilities allocated under this policy
- Assisting the Principal & CEO to ensure that the Local Advisory Board (Resources) and the Board of Directors are advised as appropriate, including an annual report on health and safety matters.
- Advising the Local Advisory Board (Resources) on the content of proposed Health and Safety policies and procedures
- Reviewing reports on health and safety audits undertaken across the College and advising on any appropriate actions needed
- Assisting in the evaluation of any new business premises or facility, in order to identify any serious health and safety deficiencies and clearly identify the corrective action that requires implementation
- Continuously developing, with the assistance of the Principal & CEO, the arrangements for the regular monitoring and review of health and safety throughout the College, including maintenance and accessibility of the Health and Safety policy
- Liaising with the Principal & CEO on the development of suitable internal health and safety policies and procedures in response to new health and safety and fire safety legislation and co-ordinating the internal response within the College to changes in such legislation
- Co-ordinating the implementation of changes to health and safety and fire safety policies and procedures
- Reviewing with the Principal & CEO, at least annually, the effective discharge of Franklin Sixth Form College's allocated health and safety responsibilities providing feedback on the outcome. Instigating an audit programme using an appropriate mix of internal and external resources, which involves a review of the health and safety management system and fire safety arrangements in practice at all Franklin Sixth Form College locations
- Devising and implementing a programme to monitor the health and safety standards of appointed contractors
- Initiating and supporting the investigation of serious health and safety incidents, co-ordinating the College response and liaising with the enforcement authorities
- Ensuring that Franklin Sixth Form College implements correct procedures for the statutory reporting and recording of accidents and incidents
- Developing an annual health and safety improvement programme incorporating the findings and recommendations of the audit programme, the outcome of incident investigations and other current issues arising from the internal and external environment
- Ensuring that an annual health and safety management plan is also devised and implemented by all areas of the College
- Providing briefings for relevant Senior Management in relation to health and safety improvement areas identified
- Implement appropriate training programmes to assist the College Leadership Team and Managers in carrying out their responsibilities in relation to all

aspects of health and safety, including fire safety, security, control of biological hazards

- Appropriately support and update Health and Safety Representatives and Managers throughout the College, including participation in their training days.
- Ensuring, through the Principal & CEO and departmental leads, that there is an adequate and coordinated programme of undertaking and updating risk assessments for all College activities, and monitoring that this is undertaken effectively
- Maintaining a sound level of technical knowledge through a programme of continuous professional development and appropriate professional training
- Liaising with the Principal & CEO and insurers in response to civil liability, business disruption and property damage claims arising from health and safety incidents
- Co-ordinating Franklin Sixth Form College's relationship with the Health and Safety Executive (HSE) and relevant local authority Environmental Health Departments

4.7 General Responsibilities of All Leadership Posts, Directors and Managers

All leadership post holders and managers have a general responsibility for the health and safety of staff under their control and others, whether employed by Franklin Sixth Form College or not, who may be affected by work undertaken within their areas of responsibility. All leadership postholders managers are expected and required to comply with health and safety policies and procedures, and to promote within their area of responsibility a culture which is consistent with high standards of health and safety performance. They are also responsible for monitoring through the normal supervision and staff appraisal process that their direct reports fulfil their responsibilities under this policy.

4.8 Heads of Departments

Heads of Departments are responsible for inspecting their curriculum areas to maintain a safe and healthy environment. They should communicate any concerns in their area by writing to the Premises Manager.

All booklets and information received concerning Health and Safety should be passed, where relevant, to staff who should ensure that they and their colleagues are fully conversant with Health and Safety rules and the literature pertaining to their particular situation. It is the Heads of Departments' duty to ensure that all such literature is readily available, and Health and Safety information warning of hazards and dangerous practices is displayed in prominent positions in working areas.

They should identify to the Premises Manager any training requirements necessary to ensure continuing safe working practice. The Premises Manager, in consultation with the Principal & CEO, will ensure that all training needs identified are met using recognised training courses when appropriate.

4.9 Teaching and Non-Teaching Staff Holding Posts/Positions of Responsibility

These staff:

- have a general responsibility for the application of the College's safety policy to their own area of work and are directly responsible to the College's Premises Manager as appropriate for the application of existing safety measures and procedures within respective area of work.
- shall, where necessary, establish and maintain safe working procedures in the

- area of work including arrangements for ensuring, as far as is reasonably practicable, safety and absence of risks to health in connection with the use of substances (e.g., chemicals, boiling water, duplicating fluid, guillotines);
- shall make every effort to resolve any Health and Safety problem in their area of work which any member of staff may refer to them, and refer to the Premises Manager any of these problems for which they cannot achieve a satisfactory solution within the resources available to them;
- shall ensure, as far as it is practicable, the provision of sufficient information, instruction, training and supervision to enable other employees and students to avoid hazards and contribute positively to their own safety and health at work;
- shall report to the Premises Manager on requirements for safety equipment and on additions or improvements to plant, tools, equipment or machinery which are dangerous or potentially so;
- shall ensure that all hazardous materials used by the College are locked away in special stores when not in use.

4.10 Special Obligations of Class Teachers

The safety of students in class is the responsibility of class teachers; teachers in law carry responsibility for the safety of students when they are in charge.

Class teachers are expected to:

- exercise effective supervision of the students and to know the emergency procedures in respect of emergency evacuation and first aid, and to carry them out
- know the special safety measures to be adopted in their own teaching areas and to ensure that they are applied
- give clear instructions and warning as often as necessary
- follow safe working procedures personally
- ask for protective clothing, guards, special safe working procedures, etc., where necessary
- make recommendations to the Premises Manager e.g., on safe equipment and on additions or improvements to plant, tools, equipment or machinery which are dangerous or potentially so.

4.11 Responsibilities of Employees

All employees of Franklin Sixth Form College have the following responsibilities for:

- acting with due regard to the health and safety of themselves and others who may be affected by what they do, or fail to do, whilst they are at work, or on College premises
- complying with instructions and procedures relating to health and safety and making full and proper use of any protective or safety equipment provided
- reporting to their manager any serious danger to health or safety, or defects in structures or equipment, or safety procedures that come to their notice and which they cannot immediately rectify
- reporting to their manager any incidents which have led, or might have led, to injury or damage, in addition to following the required local incident reporting or recording procedure
- only using equipment or substances in accordance with information, instruction and training provided by Franklin Sixth Form College.

No manager or employee of Franklin Sixth form College is authorised to initiate, or

continue, any process or activity which places any person on the premises in danger or is in breach of statutory obligations with respect to health and safety.

4.12 Responsibilities of Temporary, Agency, Volunteer, and Self-Employed staff working for Franklin Sixth Form College and contractors occupying College premises

All temporary, Agency, Volunteer, self-employed staff working within Franklin College premises and contractors occupying related accommodation will be expected to comply with the College's Health and Safety arrangements. All staff and volunteers will be advised of relevant and appropriate Health and Safety arrangements by the operational College managers within operational locations.

4.13 Students

Students are expected to:

- exercise personal responsibility for the safety of self and others
- observe standards of dress consistent with safety and/or hygiene (this would preclude unsuitable footwear, knives and other items considered dangerous)
- observe all the safety rules of the College and in particular the instructions of teaching staff given in an emergency
- use and not wilfully misuse, neglect or interfere with things provided for their safety
- report student infringements/non-compliance to a member of staff for further action.

4.14 Visitors

- All visitors and other users of the premises (e.g., delivery men from specific companies) are required to observe the safety rules of the College
- All visitors should report to Reception on arrival where they will be asked to sign in indicating the nature of their business, who they wish to see and giving the registration number of their vehicle if it is on site. Similarly, all visitors are expected to inform Reception of their departure
- If any member of the public refuses to leave the premises or is constituting a nuisance, a member of staff can be asked to contact College's Premises Team or a member of the College Leadership Team and request immediate assistance
- Visitors who are contractors on site have special obligations which will be specified in contracts between the company and the College.

4.15 Arrangements for Health and Safety

Mandatory common standards and guidance are contained in the Health and Safety policies under the authority of the Principal & CEO and issued to all relevant staff. The policies give information and required standards on a number of health and safety issues of relevance to Franklin Sixth Form College.

Where internal guidance or standards do not cover a specific issue, the practices or standards recommended in Health and Safety Executive publications or relevant British or European Standards will be adopted.

4.16 Competent Professional Health and Safety Support and Assistance

The Principal & CEO has responsibility for ensuring there is a coordinated provision of competent health and safety advice and assistance to Franklin Sixth form College from

the Premises/Health & Safety Manager. The Principal & CEO will ensure that there are arrangements for providing the Local Advisory Board (Resources) and Board of Directors with guidance on internal policies and procedures, the Premises Manager will assist the Principal & CEO in obtaining any detailed health and safety information required.

Day to day advice and assistance on health and safety matters at individual operating locations is provided by the local departmental Health and Safety representative supported by the Premises Manager.

4.17 Risk Assessments

Franklin Sixth Form College has comprehensive arrangements in place for undertaking risk assessments relating to general risks and specific risk areas. These arrangements are specified in the Health and Safety policy on risk assessment and are undertaken by nominated and trained staff. In the case of complex risks, the assessment will be undertaken by a specialist.

4.18 Accidents, Dangerous Occurrences and Ill Health Reporting

Accidents to employees, or others, on College premises, or affected by College activities, must be reported immediately to the relevant line manager and escalated in accordance with the College's Incident Reporting Policy where relevant. The incident and incident near miss reporting procedure must be followed. The Premises Manager in accordance with policy, will make statutory accident or dangerous occurrence reports to the enforcement authority and make statutorily required accident and incident records. The same procedure covers cases of occupational ill health or dangerous occurrences.

4.19 Training

All new employees will receive relevant instruction and induction training on health, safety, fire safety and welfare matters from their manager and through an induction process. Specific health and safety training will be provided for employees, as appropriate to the work being undertaken.

4.20 Contractor Control Arrangements

Where contractors are engaged to undertake minor work on Franklin Sixth Form College premises, they will be required to work in accordance with the relevant H.S.E. standard requirements, ideally have CHAS Accreditation and conform to all the College Health and Safety policies and procedures.

Where the work to be undertaken falls within the requirements of The Construction Design and Management Regulations 2015 (CDM), the work will not be permitted to proceed until the appointed Principal Designer / Project Manager has produced an adequate construction phase health and safety plan for the work involved and other relevant requirements of Franklin Sixth Form College.

4.21 Fire Safety

Fire safety is of great importance in any working environment. The College has established standards and policies to ensure that the risk of fire is minimised and, should a fire occur, it can be contained with all persons in the premises being removed from areas of risk.

4.22 Further Health and Safety Arrangements

Other health and safety arrangements covering specific requirements are included within the Health and Safety policies.

5.0 Policy References

5.1 Access to the policy

The policy will be available via Franklin Sixth Form College's website.

5.2 Documents associated with this policy

This policy is the overarching Franklin Sixth Form College Health and Safety policy, which forms part of and relates to all Franklin Sixth Form College Health and Safety policies.

5.3 Policy references
