

Digital Learning Day: Student Guidance

What You Need to Do

Today is an opportunity to develop your digital skills, complete outstanding subject work, and create revision resources that will support your future learning.

Please work through the following activities during the day.

1. Check Your Google Classrooms

Visit each of your subject Google Classrooms and complete any work that has been set by your teachers.

This may include:

- Work that needs completing
- Lessons or tasks you have previously missed
- Assessment preparation activities
- Consolidation or revision tasks

Priority: Ensure all outstanding work is completed and submitted where required.

2. Learn How to Use NotebookLM

Watch the NotebookLM guidance video: [NotebookLM video 1 \[NotebookLM video 1 | Video\]](#)

After watching the video:

✅ Explore the features available in NotebookLM

✅ Consider how it could help you:

- Organise your notes
- Summarise information
- Create revision materials
- Prepare for assessments

✅ Think about how AI tools can be used responsibly and appropriately to support your learning

3. Create a Revision Resource

Choose a topic that has already been taught in one of your subjects and create **at least one revision resource**.

You could create:

- An interactive quiz
- Flashcards
- A revision video
- A podcast
- Summary notes or a study guide
- A mind map

Success Criteria

Your revision resource should:

- Be accurate and linked to a topic you have studied
- Help someone revise the topic effectively
- Demonstrate good use of digital tools where appropriate
- Be saved so you can use it again before assessments

ASPIRE Activities

Activity 1: Digital Wellbeing Course

Complete the Digital Wellbeing Course.

Once completed:

- ✓ Download your completion certificate
- ✓ Upload your certificate as instructed by your Progress Coach

Activity 2: Digital Wellbeing Survey

Complete the College Digital Wellbeing Survey.

Please answer all questions honestly and thoughtfully.

Expected Outcomes

By the end of the day, you should have:

- ✔ Completed the Digital Wellbeing Survey
- ✔ Completed the Digital Wellbeing Course and uploaded your certificate
- ✔ Watched the NotebookLM guidance video and explored how it can support your learning
- ✔ Completed any outstanding work set in Google Classroom
- ✔ Created at least one revision resource linked to a previously taught topic

Making the Most of Today

To be successful:

- Work independently and stay focused.
- Use digital tools responsibly.
- Take regular short breaks away from your screen.
- Ask for help if you are unsure about any task.
- Aim to finish all activities to a high standard.

Remember: Today's activities are designed to improve your digital skills, strengthen your subject knowledge, and help you become a more independent learner.
