

# CAREERS & PROGRESSION NEWSLETTER

## THIS ISSUE

20<sup>th</sup> November 2023

Hello all,

In this edition, 20<sup>th</sup> November 2023, we have lots of local and virtual work experience opportunities and plenty of useful apprenticeship information with Forrester Boyd, Sellafield Limited and Accenture. There are multiple masterclasses available including with the University of Hull, the Atomic Weapons Establishment and Dunelm. Finally, we have lots of university information with the University of Sheffield, University of Sunderland and Teesside University.

Be sure to complete the Google Form in the newsletter to be in with the chance of winning a £10 Amazon voucher!

Many thanks,

The Careers Team

Fancy being in with the chance of winning a £10 Amazon voucher?

Complete [this](#) short feedback survey to be in the draw!

## The Green Room

Here's what's coming up in The Green Room soon.

No need to book – just turn up!

Monday 20 <sup>th</sup> November	Bishop Grosseteste University	10:30am – 1pm
Tuesday 21 <sup>st</sup> November	University of Hull	10:30am – 1pm
Thursday 23 <sup>rd</sup> November	Orsted	12:15pm – 1pm
Friday 24 <sup>th</sup> November	RAF	12:15pm – 1pm

## Career Academy

Please see this week's session details below:

Business & Law – All about HR & Law with ABP in 47/48

STEM – Cancelled (please attend the above session if this is of interest to you!)

Health – Cancelled

You have been emailed a Google Form to complete, please make sure you do this as soon as possible – this is also available on the Google Classroom. Law students, please make sure you submit your personal statements by Friday 24<sup>th</sup> November.

Please also remember to sign the registers for your academy upon arrival so you do not get marked as absent. Please email [rebecca.lowe@franklin.ac.uk](mailto:rebecca.lowe@franklin.ac.uk) with any absences.

## Work Experience

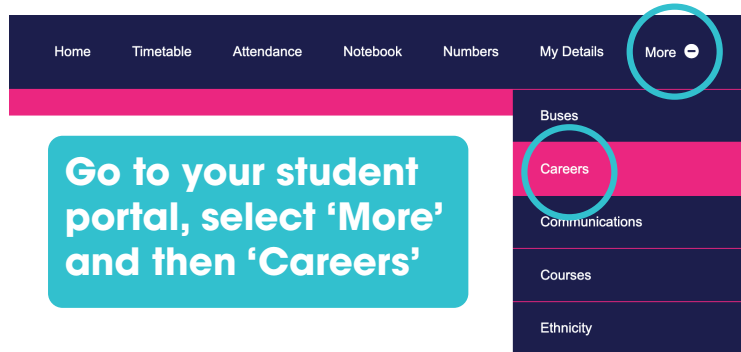

If you are looking for work experience, you can view our existing opportunities [here](#). If you are interested in any of the opportunities, please email [nicola.loyd-jones@franklin.ac.uk](mailto:nicola.loyd-jones@franklin.ac.uk) for further information on how to apply.

## Personal and Professional Development

If you have questions regarding enrichment, whether you have an idea for a new session or you want to change your choice, please email [enrichment@franklin.ac.uk](mailto:enrichment@franklin.ac.uk).

The Enrichment team are now based in Room 51 (opposite the theatre) – please feel free to pop in if you have any questions!

# How to book a Careers Appointment

Fill in the information on the Careers Appointment Booking page

**Careers Appointment**

**Careers Appointment Booking**

Drop in advice sessions may be available - please contact College Services.

If you would like a careers appointment please complete all of the following fields:

What work history or work experience have you had?

Do you have any medical condition or other factor which may affect your career choice?

☒ No ☐ Yes

If yes then please give details:

What are your interests / what do you do in your spare time?

Please tell me how I can help you.

Examples: I want to be an accountant; I am interested in doing a course in nursing.

Finally, what type of interview would you prefer?

Please Select

## Book an appointment (not during lessons)

1. Select a date to see a list of available appointments (not today, at the weekend or in the past).

March 2023						
Mo	Tu	We	Th	Fr	Sa	Su
27	28	1	2	3	4	5
6	7	8	9	10	11	12
13	14	15	16	17	18	19
20	21	22	23	24	25	26
27	28	29	30	31	1	2

2. Select one of the available appointments (Red text represent slots where careers are available, but you are not).

-- Select Time --

3. Book the selected appointment.

Book Appointment

You will receive a confirmation email and an appointment will be created in your Outlook Calendar.

If College has your mobile number you will also receive a reminder text on the morning of your appointment.

# WORK

# EXPERIENCE

## **Intro to Industry: Careers in Offshore Wind or Engineering**

Are you 16-17 years old and want to know more about careers in offshore wind or engineering? If so, this opportunity is for you! This Intro to Industry event includes 8 days of activities and exercises related to working in the industrial sector, covering communication skills, self-confidence, self-respect, working together as a team and practical problem solving.

Following this, you will take part in a practical mechanical and process engineering taster in the state-of-the-art emulation process plant at CATCH, or a practical taster with GPL Wind at C-Wind's offshore wind training facility on Grimsby Docks.

Interested? Email your name, date of birth, address and telephone number to [ypss.mis@nelincs.gov.uk](mailto:ypss.mis@nelincs.gov.uk).

## **Junior Seasonal Assistant at Dotty & Daisy**

Dotty & Daisy are looking for a junior assistant to help in a busy website office. You'll be picking and packing orders and occasionally serving customers in their shop. Full training will be given and no experience is necessary!

This is a seasonal position and you must be able to work occasional weekends and up to the busy Christmas period.

Click [here](#) to apply!

## **Software Development Virtual Work Experience with Springpod**

Interested in a career in software development but not sure where to start? This programme will help you experience the industry, explore the careers available and learn more about working in software development through a series of workplace projects.

You'll explore the exciting world of software development - from designing an iconic video game to creating the most popular apps, plus the various ways to enter each role. You'll complete a series of fun activities to help build your understanding working in the industry, finishing the programme with a downloadable portfolio of your work.

Modules include:

- Game Development
- Web Development & Design
- Systems Development & Application Development

For more information or to sign up, click [here](#).

# APPRENTICESHIPS

## **Trainee Accountancy Positions at Forrester Boyd – applications open!**

Did you know you could be a fully qualified accountant in just 3-6 years? Forrester Boyd is one of the largest and most progressive accountancy firms in the Lincolnshire and Humber region. This means that they can offer their trainees exposure to a wide range of experiences with different businesses of all sizes. The opportunities for the right candidates really are endless.

Applications are now open for next year's intake which will start in Summer 2024, perfect for anyone in their 2nd year of college who will be ready to start their journey next year. The qualification is obtained by their training programme is at Masters level and is recognised globally. They have opportunities available at all their office locations.

For more information, click [here](#).

## **Nuclear Engineering/Scientist Degree Apprenticeship with Sellafield Limited**

Sellafield's Nuclear Engineering/Scientist Degree Apprenticeships offer the perfect balance of on-the-job training and experience whilst enabling you to also study for a degree. You will develop skills in the areas of science and engineering whilst undertaking practical elements of training on our exciting new build, commissioning/decommissioning programmes.

You will follow a custom-made training scheme, where you will develop core skills in the areas of science and engineering whilst undertaking wider practical elements of training on our exciting new build, commissioning/decommissioning programmes.

Applications close in February 2024 – click here for more information or to [apply](#).

## **Technology & Consulting Apprenticeships with Accenture**

Thinking about future career plans, and which path is right for you? If you're considering alternatives to university, an apprenticeship at an award winning, fortune 500 company – Accenture, can offer a blend of real project work, top-class mentorship and training, and a structured degree programme – all while earning a competitive salary.

If you're ready for the world of work, have a passion for technology and a strong desire to learn, then their Apprenticeship scheme could be right up your street.

After three or four years of classroom and on-the-job learning, you'll have earned yourself a professional qualification and possibly the chance of a full-time job with Accenture.

Applications close February 2024 – don't miss out! You can find more information and apply [here](#).

# MASTERCLASSES

## **Studying Physiotherapy at the University of Hull**

Want to study Physiotherapy at University? Join the University of Hull as their experts tell you everything you need to know. They'll run through how the course is structured, what they look for in an application, and where this degree could take you. You'll also be able to ask questions throughout.

This will take place on Tuesday 5th 2023 from 4pm – 5pm.

Click [here](#) to sign up.

## **Careers within the UK Government/Civil Service with AWE -**

### **The Atomic Weapons Establishment**

Have you ever wondered what goes on behind the scenes at some of the UK Governments most highly secured agencies?

AWE are working on some of the most top-secret missions, building nuclear warheads that sit on submarines and war ships all helping to keep the country safe using some of the best technology and systems in the world. And what's more incredible is that you, as a college student, can join them straight from college on one of their student programmes.

On Tuesday 21st November, between 5pm - 6pm, there is an Insight Evening with AWE virtually. This will allow you to learn a lot more about the organisation as well as the defence industry, and you will have the opportunity to take part in a hands-on top-secret workshop.

AWE will also be launching some brand new apprenticeships, so if you have an interest in working for the government and would like a future career in this sector then this will be ideal for you.

Click [here](#) to sign up.

## **Apprenticeships with Dunelm Webinar with Amazing Apprenticeships**

Join this exclusive webinar with the Early Careers team from Dunelm to learn more about their amazing apprenticeship opportunities and the exciting range of vacancies available in 2024.

With apprenticeships available across the business, from Finance to Retail, Sustainability to Logistics, Buying & Merchandising to Insight & Analytics, Dunelm is inviting you to hear more about the exciting career opportunities available, all in a caring, friendly and supportive environment.

This will take place on Tuesday 12<sup>th</sup> December at 3:30pm.

Click [here](#) to sign up.

# UNIVERSITY INFORMATION

## **Virtual Taster Sessions with the University of Sheffield**

The University of Sheffield taster sessions are for both Year 12 and Year 13 students and are designed to give you a first-hand experience in what studying your chosen subject could be like at university.

For a full list of taster sessions for November and December, click [here](#).

## **Behind the curve – exploring history and politics with the Teesside University**

Join Teesside University online for their Behind the Degree series with the School of Social Sciences, Humanities & Law. They look at details of their degree offer, modules and learning, and cover career options and pathways. One of their friendly student ambassadors is on hand to answer any of your student-related questions.

This will take place on Thursday 7<sup>th</sup> December from 5pm – 6pm.

Click [here](#) to sign up!

# LABOUR MARKET INFORMATION

## **What is LMI?**

Labour Market Information (LMI) is information that provides insight into the labour markets at different levels (local, regionally or nationally). LMI looks at the industries that are growing and declining and the types and levels of jobs that are increasing and decreasing. LMI is useful to help research future jobs in the local area, understanding the skills needed for certain roles and the demand for future employment.

Each week, we'll be focusing on a different industry and exploring the LMI for that industry.

## **Energy Labour Market Information**

The Energy Sector relates to the production and supply of energy. Renewable energy is generally defined as energy that comes from resources which are naturally replenished on a human timescale such as sunlight, wind, rain, tides, and waves. Renewable energy replaces conventional fuels in four distinct areas, electricity generation, air and water heating/cooling, motor fuels, and rural (off-grid) energy services.

The Energy Sector is very closely linked with engineering, manufacturing, and ports & logistic sectors.

### **What opportunities are available?**

- Labour demand across the energy and infrastructure sectors will be significant – totalling around 760,000 by 2024. This includes 160,000 new jobs and replacing 600,000 due to retirements.
- There will be a total labour demand of 8.6 million jobs in the UK by 2024
- The offshore wind sector will need to compete against other desirable infrastructure sectors to acquire the 36,000 people that will need to be employed by 2032

### **Did you know?**

- The Humber is #1 in the UK for biofuel production
- The Grimsby, Sheffield and Hull triangle is the largest energy sector in the UK
- Orsted is the world's leading offshore wind developer, investing £6bn in offshore wind in the Humber
  - Our region has over 20+ onshore windfarms

**You can find more information about Energy within Yorkshire and The Humber [here](#).**
