

# CAREERS & PROGRESSION NEWSLETTER

Fancy being in with the chance of winning a £10 Amazon voucher?

Complete [this](#) short feedback survey to be in the draw!

## THIS ISSUE

6<sup>th</sup> May 2025

Welcome to another edition of the Careers Newsletter!

This week, we have local and virtual work experience opportunities, and apprenticeship information with Wilkin Chapman, Red Herring Games, Jaguar Land Rover and Bright Technologies. We have a spotlight on IT and The Internet and have plenty of masterclasses available with Next Tech Girls, Gresham College, Springpod and the University of Southampton. Lastly, we have university information from the University of Sheffield, the University of Liverpool and Southampton Solent University.

Be sure to complete the Google Form to be in with the chance of winning a £10 Amazon voucher!

Many thanks,

The Careers Team

# How to book a Careers Appointment

Fill in the information on the Careers Appointment Booking page

**Careers Appointment**

### Careers Appointment Booking

Drop in advice sessions may be available - please contact College Services.

If you would like a careers appointment please complete all of the following fields:

What work history or work experience have you had?

Do you have any medical condition or other factor which may affect your career choice?

☒ No ☐ Yes

If yes then please give details:

What are your interests / what do you do in your spare time?

Please tell me how I can help you.

Examples: I want to be an accountant; I am interested in doing a course in nursing.

Finally, what type of interview would you prefer?

Please Select

## Book an appointment (not during lessons)

1. Select a date to see a list of available appointments (not today, at the weekend or in the past).

March 2023						
Mo	Tu	We	Th	Fr	Sa	Su
27	28	1	2	3	4	5
6	7	8	9	10	11	12
13	14	15	16	17	18	19
20	21	22	23	24	25	26
27	28	29	30	31	1	2

2. Select one of the available appointments (Red text represent slots where careers are available, but you are not).

-- Select Time --

3. Book the selected appointment.

Book Appointment

You will receive a confirmation email and an appointment will be created in your Outlook Calendar.

If College has your mobile number you will also receive a reminder text on the morning of your appointment.

# EXPERIENCE

## **BBC 'Get In' Taster Programme**

As you come to the end of your time in education, it can be tricky to know what steps to take next. This BBC 'Get In' taster day is designed to help you find out a bit more about the variety of career paths on offer and give you a first-hand feel of what the BBC is like as a place to work in your local area.

You will get the chance to spend the day with us at BBC East Yorkshire and Lincolnshire and see in person what it's really like working in a media environment. It's also an opportunity find out about a variety of jobs across the BBC and hear from people who do some of those roles in the area in and around where you live.

Click [here](#) to apply – applications close on 18<sup>th</sup> May, with the event taking place on Wednesday 25<sup>th</sup> June.

## **Slush Bar Team Member, Cleethorpes**

Are you looking for a fun and exciting job this season? Do you have a friendly smile and a passion for providing great service? If so, The Slush Bar want YOU to be part of their vibrant team. You'll be enthusiastic, outgoing and love engaging with customers – alongside being a team player who thrives in a lively atmosphere. No experience is needed, as full training will be provided.

Click [here](#) for more information.

## **Restaurant Team Member at Haven, Cleethorpes**

Haven is on the hunt for a friendly, upbeat Restaurant Team Member to bring some fun and flavour to their team! In this role, you'll be the face of their restaurant - greeting guests with a smile, taking orders, serving delicious food, and creating a warm, welcoming vibe that keeps everyone coming back for more. Various hours are available, perfect for anyone wanting to work part time or full time over the summer!

Click [here](#) for more information.

## **Digital Business Consultancy work experience - Early Careers with CACI**

Within this programme, you'll discover what a digital consultant really does and how you can get into the industry; how data and digital careers impact all businesses across the world, and how you can help, and sneak peeks into exciting career pathways - how to build your skills to get hired, and what potential placement opportunities are out there!

# MASTERCLASSES

## **Cybersecurity Career Conversation with Tenable and Next Tech Girls**

This engaging session will feature inspiring women working in tech and cybersecurity at global cyber security leader, Tenable! They will share their personal career journeys, insights into the industry, and practical advice young women considering pursuing tech careers.

This will take place on Tuesday 20<sup>th</sup> May from 9am – 10am. Click [here](#) to register.

## **The Troubled Brain: Ageing and Dementia with Gresham College**

Diseases such as Alzheimer's or Parkinson's are devastating neurological conditions that typically occur at old age and lead to systematic dementia and debilitating symptoms. The underlying mechanisms of these diseases are poorly understood. Yet, a striking feature of these conditions is the characteristic pattern of invasion throughout the brain, leading to well-codified disease stages associated with various cognitive deficits and pathologies.

This lecture shows how mathematical modelling can be used to predict dementia's progression by unravelling some of its universal features.

This will take place on Tuesday 13<sup>th</sup> May from 6pm - click [here](#) to register.

## **Interactive webinar: how would you solve these environmental health cases?**

We've all seen rating scores on food outlets, but what do they mean? What actions would you take as an environmental health officer? Join Chartered Environmental Health Practitioner and LJMU lecturer Graeme Mitchell to learn about how local authorities make sure that food prepared for us abides by the rules. This interactive webinar will explore how food hygiene ratings are generated, the role environmental health plays in checking food is safe, and how to get into this career.

This will take place on Thursday 8<sup>th</sup> May at 5:30pm – click [here](#) to register.

## **Where can a degree in Biological Sciences take me?**

From understanding the world's ecosystems to exploring human health, a degree in the biological sciences could lead to a varied and lifelong career. You'll get the chance to work at the forefront of scientific advances, making an impact on the health of the planet and its populations. Discover all a degree in the biological sciences has to offer with the University of Southampton, who offer research-led degrees in biology, biomedical sciences, neuroscience, pharmacology, zoology, and more.

This will take place on Wednesday 21<sup>st</sup> May at 4:30pm – click [here](#) to register.

**IntoUniversity** is a leading education charity providing local learning centres where young people are inspired to achieve.

## **FREE Secondary Academic Support for Y7-13:**

- ✓ Focus on homework and revision
- ✓ Access laptops, books and other resources
- ✓ Get help with essay writing and exam technique

# A SPOTLIGHT

ON...

## IT and The Internet

Ever wondered what goes into making your favourite computer games, or what's involved in building an app? Discover more about careers in computing and the Internet.

### What is IT and the internet?

Whether it's how we buy things to how we communicate with friends, so much of our lives now take place online. But who builds the software and apps we take for granted every day - and what happens if our devices stop working? The world of computing is one of the fastest growing industries around. It is filled with quick-thinking programmers, engineers and designers tirelessly working to build new software, sites and programmes to help you work, learn and play in new and exciting ways.

### What IT and internet jobs can I do?

There are plenty of jobs available IT and the internet, some of them including database programmers and administrators, web content managers, social media managers, user experience analyst, electrical engineers, network engineers, computer and software programmers, games developers and so many more.

### Is a career in IT and the internet for me?

If you're curious about the technology behind the devices and apps you use every day, or have already had a go at building an app or a website yourself, this could be the career for you. You'll need to be able to work with real care and attention to detail, particularly when using code. You'll also need lots of patience if you have a role that directly supports clients. Creativity and a desire to discover new ways of doing things are important too.

### How can I start an IT and internet career?

You don't always need a degree to work in many of these areas, but experience is important. To work in programming, you'll need to be fluent and confident using the latest computer scripts and codes like C, Java and Python. You don't necessarily need advanced coding skills to work in a non-technical area such as digital marketing. The great news is you can build experience right at home by putting together a blog, designing an app and experimenting with ways of increasing your social media following.

Useful degree subjects include computer programming, cybersecurity, or even digital marketing. You can boost your programming knowledge by taking part in free online courses or joining hackathons - from web design to app building and animation!

# UNIVERSITY INFORMATION

## **University of Sheffield Subject Taster Session Webinars**

### **Mechanical Engineering: We need robots in our sewers**

Mechanical engineers are involved with the conception, design, production and marketing of all manufactured products, for the latest aircraft to the delicate instruments used in microsurgery. Join this online session to learn how the University of Sheffield team is developing tiny, swimming robots to explore our sewers, find problems, and prevent disasters.

This will take place on Thursday 8<sup>th</sup> May – click [here](#) to register.

### **Applied Social Sciences, Journalism, Management: Fostering Inclusive Societies**

Join this taster session where you'll focus on the issue of underrepresentation and how Social Sciences can help create a more inclusive society. You'll discover what data can tell us in understanding and addressing social divisions and underrepresentation, how the media and journalism portray underrepresented communities and journalists themselves and the role of wellbeing and employability of neurodiverse individuals in the workplace and society.

This will take place on Wednesday 14<sup>th</sup> May – click [here](#) to register.

### **History: The Vietnam War as a Civil War**

In this session you'll get an insight into what it's like to study History at the University of Sheffield, exploring an important historical event from multiple perspectives and exploring the importance of alternative interpretations. There'll also be time after the talk to ask questions and find out more about the department and life as a history student.

This will take place on Thursday 22<sup>nd</sup> May – click [here](#) to register.

### **Careers & Employability at university with the University of Liverpool**

Thinking about your options once you've left university, and the support you receive to reach your full potential, should be a key part of your research. Join this session to see what key things you need to consider when it comes to your Careers & Employability support, including the outstanding offer they have at Liverpool.

This webinar will take place on Thursday 15<sup>th</sup> May – click [here](#) to register.

### **Virtual Careers at Sea Open Day with Southampton Solent University**

Interested in a career at sea? This virtual careers at sea open day give you an insight into what a career in the maritime industry has to offer, and the training programmes to qualify as a ship's deck, engineer or electro-technical officer in the Merchant Navy and on superyachts.

This will take place on Saturday 17<sup>th</sup> May – click [here](#) to register.
