

CAREERS & PROGRESSION NEWSLETTER

THIS ISSUE

27th November 2023

Hello all,

In this edition, 27th November 2023, we have lots of local and virtual work experience opportunities and plenty of useful apprenticeship information with Forrester Boyd, DVSA and Stantec UK. There are multiple masterclasses available including with Accenture, Clifford Chance and Acca/Success at School. Finally, we have lots of university information from the University of East Anglia, University of Sunderland and the Amazon Future Engineer Bursary.

Be sure to complete the Google Form in the newsletter to be in with the chance of winning a £10 Amazon voucher!

Many thanks,

The Careers Team

#SEETHEYOURFUTURE

CENTRE FOR

PROFESSIONAL DEVELOPMENT

Fancy being in with the chance of winning a £10 Amazon voucher?

How to book a Careers Appointment

Fill in the information on the Careers Appointment Booking page

Careers Appointment

Careers Appointment Booking

Drop in advice sessions may be available - please contact College Services.

If you would like a careers appointment please complete all of the following fields:

What work history or work experience have you had?

Do you have any medical condition or other factor which may affect your career choice?

☒ No ☐ Yes

If yes then please give details:

What are your interests / what do you do in your spare time?

Please tell me how I can help you.

Examples: I want to be an accountant; I am interested in doing a course in nursing.

Finally, what type of interview would you prefer?

Please Select

WORK

EXPERIENCE

Part-time role at A Priest, A Mill & A Ferry, Grimsby Top Town Market

A Priest, A Mill & A Ferry are looking for an enthusiastic individual to join their existing passionate and friendly team based in Top Town Market. Working in this fast-paced food and beverage environment with the focus on meeting and exceeding customer expectations, the role will involve:

- Meeting and greeting customers
- Taking food and drink orders
- Preparing & serving drinks
 - Serving food
- Clearing tables

The café is open Tuesday, Thursday, Friday & Saturday. The role will require flexibility to work anytime during these days. Any days that the candidate is not available to work must be specified on application.

If you are interested in applying, please email your CV with a covering letter stating why you feel you are suited to this position to pmfgrimsby@gmail.com

Graphic Design Virtual Work Experience with Springpod

In this virtual work experience, you'll hear from a whole load of designers and creatives - they'll explain how they got into the industry and, if you're lucky, they might even share some top tips. You'll complete activities and quizzes, and they'll even give you a hand starting your own graphic design portfolio.

This will take just 4 hours to complete, and you'll receive a certificate upon completion!

LABOUR MARKET INFORMATION

What is LMI?

Labour Market Information (LMI) is information that provides insight into the labour markets at different levels (local, regionally or nationally). LMI looks at the industries that are growing and declining and the types and levels of jobs that are increasing and decreasing. LMI is useful to help research future jobs in the local area, understanding the skills needed for certain roles and the demand for future employment.

Each week, we'll be focusing on a different industry and exploring the LMI for that industry.

Food & Agriculture Labour Market Information

The food & agriculture sector involves the cultivation of animals, plants, and other life forms to enable us to manufacture food and drink. Think livestock – dairy cows, cattle for beef, sheep for wool and lamb, pigs and poultry. Think crops – wheat, oats, peas, oilseed rape and grass for your livestock.

What opportunities are available?

- Around 133,000 new jobs will be needed in Food Manufacturing between 2014 and 2024 across the UK, more than any other manufacturing sector.
- To meet future challenges of food security and climate change, the sector will be using more innovative and automated technologies, which will drive demand for engineers, scientists and mathematicians – the sector will need highly skilled individuals to overcome these challenges.
- 76,000 jobs forecasted in Agriculture (livestock and crops) between 2014-2024 nationally.

Did you know?

- 95% of land-based businesses in the Humber hire fewer than 10 people.
- British farmers and growers produce 64% of all the food we eat in the UK, and in the future this amount will need to increase to feed a growing population.
- Jobs in the sector require higher level skills due to increased use of technology.
 - The Humber processes 70% of the UK's chilled and frozen seafood.
- For the Humber, the manufacturing and production of food and beverage products plays a large part in this sector; Yorkshire and the Humber is the country's largest food producing region.
